

CMP REBIRTH CAMPAIGN

CMP's headquarters at 70 Mulberry Street was devastated by a fire on Jan. 23rd. The raging fire destroyed our entire program and office space, all office equipment and supplies, class materials, and important files.

How You Can Help

Please contact honglee@cmpny.org or sonyalin@cmpny.org to learn more about naming opportunities.

As a workforce and economic development organization, CMP serves nearly **900 people** weekly. Two-third of the space is classrooms where we provide:

- English as Second Language, computer instructions,
- work readiness, employment training, job placement,
- entrepreneurial workshop,
- Chinese School.

They were on the upper most floors, where the damages were the most severe. The roof caved in, and floors collapsed onto the ones below all the way on the 3rd.

NOW, UNFORTUNATELY, WE HAVE LOST ALL OUR OFFICE AND CLASS SPACE, 3 COMPUTER LABS, 3 HEALTHCARE TRAINING LABS, TEXTBOOKS AND MATERIALS FOR OUR TRAINING PROGRAMS, ESL CLASSES AND CHINESE SCHOOL.

Since Day One after the fire, we have been making every effort to minimize our service interruption. Thanks to the community's strong support, we have resumed our **walk-in** services at a temporary headquarters at Chung Park Senior Housing (96 Baxter St., 13th FL, NYC) on Monday, January 27th and our **classroom instructions** at Oversea Chinese Mission (154 Hester St., 7th FL, NYC) on Tuesday, February 4th.

Although we are now temporarily relocated, much work is ahead of us to continue programs in long-term alternate locations, replace office as well as equipment and supplies to continue serving the community. Here we would like to plead for your participation in the CMP Rebirth Campaign and your support to our rebuilding efforts.

Can you help rebuild CMP?
